The screenshot shows the CSIS Cervical Screening Information System interface. The left sidebar contains a menu with the following items: Welcome Page, Demographic, Consent Status, Enquiry, Change Authorization Code, Change Password, Electronic Correspondence, Download User Manual, and Logout. The main content area displays the 'Consent History' section with a table showing the effective date (01 Apr 2005) and opt-in status (Opt-in). Below this is the 'Test Records' section with a table showing a report date (01 Apr 2005), test type (Cervical Cytology), normal indicator (Normal), result code (Negative for intraepithelial lesion or malignancy), and done at (AP LEI CHAU MATERNAL & CHILD HEALTH CENTRE). The 'Recommendation' section is also visible at the bottom.

- The information about the recommended next screening test is shown under “Recommendation”.
- The referral information can be checked under “Referral”.
- Press “Print This Page” to print the page .

The screenshot shows the CSIS Cervical Screening Information System interface. The left sidebar contains the same menu as the previous screenshot. The main content area displays the 'Recommendation' section with a table showing the next test date (April 2006), next test type (Cervical Cytology), recommended by (AP LEI CHAU MATERNAL & CHILD HEALTH CENTRE), and recommended on (04 Apr 2005). Below this is the 'Referral' section with a table showing referral date, referred from, and referred to, with the message 'No Records Retrieved.' The 'Print This Page' button is located at the bottom of the page.
